### PERSONAL STATEMENT

My Career objective is to enter research and community development and transformation in your company. I have demonstrated strong community mobilization and engagement skills during university project work and much of my experience has been within a team environment. I am able to take responsibility for my own work as well as being able to demonstrate leadership when required. Meeting deadlines has been a consistent part of my academic and working life and I have learned how to communicate with people in situations which require tact. My academic skills have given me the ability to communicate effectively on paper as well as through presentations."

### PERSONAL PROFILE

I am an outgoing person who can interact with people at all levels and have been complimented on my ability to listen to other people. I can take responsibility for my own work and my own Goals, but I also enjoy working with other people to reach a common Goal. Reflection is an important part of my personality and this has led me to develop a strong feeling for detail without losing sight of the whole picture.
